

Your global connection to frozen

Fish fillets

Umios Food Europe

Umios Food Europe, formerly known as Seafood Connection, is a leading seafood company and has been part of Umios Corporation since 2013. This partnership gives us access to the expertise, scale, and resources of one of the world's largest seafood companies, with a turnover of USD 9 billion and a presence in every major global market.

Wherever seafood is harvested or enjoyed, Umios is there. At Umios Food Europe, we leverage this global network to support our customers in achieving their ambitions. We take pride in our hands-on approach and our attention to every detail throughout the entire supply chain, ensuring consistent quality, reliability and excellence.

Thanks to our global network,

we offer a wide variety of fish species, including kibbeling, cod, seabass, seabream, (wild) salmon, pangasius, oilfish, tilapia, hake, and Alaska pollock from around the world.

Your global source for frozen
farmed fish products

Fish with a future

Pangasius is originating from the Vietnamese Mekong Delta.

It is farmed and processed there in a responsible manner.

Pangasius may well be the most versatile fish.

Due to the neutral taste, it is brought onto the market in many different forms.

Make a difference...

by choosing responsible farmed fish.

Aquaculture is the fastest growing food production system in the world.

We consider it our responsibility to provide sustainable seafood products for the market, as only this type of seafood has a future. By choosing Blue Planet, you choose for premium quality and responsible farmed fish.

Blue Planet fish is responsibly farmed fish, because only that fish has a future.

ZEEGEVROREN

XL KIBBELING

As a professional in the world of fish, you do not want to compromise with regard to the quality of your products. You want the best. Therefore you choose fish from Alaska by Seacon.

Responsibly caught in the rich waters of Alaska and MSC certified.

Effective, precise management assures Alaska's fisheries are sustainable, clean and productive.

In Alaska, Umios Food Europe holds significant quota access, including a 27% share in Alaska pollock, covering both the mother vessel and inshore sectors. This provides direct access to raw material at source, reducing reliance on intermediaries and limiting exposure to market volatility.
